Description

Experience the thrill of realistic log transportation with the Huina 1312 RC Timber Transport Truck. This 1/18 scale model is meticulously designed for precision and durability, ideal for both hobbyists and young enthusiasts interested in construction and logistics. Equipped with a robust 2.4GHz remote control system, this truck ensures smooth and interference-free operation over long distances.

Key Features:

- Highly Detailed Design:** Perfectly scaled to 1/18, designed to mimic a real timber transport truck, complete with detachable logs for an immersive experience.
- Multi-Channel Control:** Offers nine channels of precise control, including forward, backward, and lateral movements, as well as the ability to manage load and unload functions.
- Durable Materials:** Constructed from high-quality ABS plastic and alloy, featuring explosion-proof properties that enhance its safety and durability.
- Realistic Features:** Features LED lighting and realistic sound effects that enhance the play experience, simulating a true construction environment.
- Outdoor and Indoor Play:** Its sturdy construction is suited for both outdoor terrain and indoor surfaces, providing endless hours of play in a variety of settings.

Specifications:

- Product Size:** 580mm x 121mm x 177mm
- Scale:** 1/18
- Channels:** 9 channels
- Control Distance:** Up to 40 meters
- Remote Signal:** 2.4GHz
- Body Material:** Explosion-proof ABS, alloy, electronic components
- Carrying Capacity:** Can carry loads up to 3kg
- Suitable Age:** Recommended for ages 8 and above

History Type: Rechargeable 3.7V battery
Package Size: 440mm x 120mm x 370mm
