Description

- Fully sealed and waterproof design, effectively preventing water leakage into the switchgear.
- The pointed appearance reduces the resistance and makes the speed more balanced.
- With dual-motor design, the high-efficiency conversion device is more energy-saving, more powerful and stable than ordinary motor.
- Multiple boats can be operated at the same time.
- Remote control battery: 2 x AA batteries (not included).
- Frequency: 2.4 GHz.
- Channel: 4CH.
- Charging method: USB interface.
- Body battery: 3.7V 500mAh.
- Use time: about 15 minutes.
- Charging time: 50-60 minutes.
- Remote control distance: about 80 meters.
- Speed: about 20 km/h (max).

Material: ABS  
Dimensions: 25 x 10 x 10CM
