Description

- Discover the charm of the classic 68 Firebird with our detailed 1:25 scale model kit. With 122 parts and dimensions of 184 mm long, 16 mm wide and 61 mm high, this kit offers an authentic and enriching building experience. For model building enthusiasts aged 12 and over, this kit is an invitation to immerse yourself in the world of detailed model building and create a piece of automotive history at home. Scope of delivery:
- 122 precisely manufactured components
 - Authentic Pontiac 400 c.i. Ram Air engine
 - Optional racing engine parts and interior
 - Selectable standard or target thrust wheels
 - Optional racing seat and roll over
 - Authentic original and drag racing decals
- Special features:
- The detailed Pontiac 400 c.i. Ram Air engine and selectable racing components make it possible to create a unique model
 - Authentic decals allow for customization based on historical models or your own ideas
 - Highly detailed components and realistic design for an authentic building experience

This kit is ideal for advanced model builders (level 4) who have experience in gluing and painting and want to take on a new challenge. Background information:
The 68 Firebird, first introduced in 1967 by the Pontiac® Division of General Motors, was not just a pony car, but a symbol of "action, power, beauty and youth". The combination of performance and beauty has earned the Firebird classic status among car enthusiasts worldwide. With this model kit, you can build and admire not just a car, but a legend.
