Description

Discover the fascination of the model making with the exquisite 57 Chevy Bel Air kit in 1:25 scale. With an impressive number of parts of 186 pieces and final dimensions of 206 mm in length, 79 mm width and 64 mm height, this kit is the ultimate collector's item. Recommended for experienced model builders level 12 and over. This model represents Level 5 in model making, which requires in-depth knowledge and skills.

Scope of delivery:

- 186 precision manufactured parts
- Highly detailed 262-Kubik inch V8 engine
- Optional parts for factory or street version
- Separately shaped headlights and body parts
- Two chrome triming options for rear fins and rearwing lamps
- Moulded plastic white wall inserts for the tires
- Extensive decal box for detailed markings

Special features:

- Optional construction of the factory version or a modern street version in Californian style
- Three different engine construction options, including the iconic Rochester injection
- Genuine white wall tires for an authentic look
- Highly detailed, realistic design and authentic replica of 57 Chevy

This model kit is ideal for experienced model builders (level 12) who are looking for a challenge and wanting to prove their skills. It offers complex, sophisticated pleasure and the chance to create a piece of automotive history.

Background information:

The 57 Chevrolet Bel Air is more than just a car. It is a symbol of the 1950s and an American classic. With its introduction, he set new standards in design and performance, especially with the optional fuel-injection 262-hp V8 machine. This kit brings not only the car, but also a piece of glorious automotive history into your collection. Bring this masterpiece to life with your own hands and enjoy every detail, from the shiny chrome parts to the powerful engine.
