Description

Discover the era of steam locomotives with our high-precision model kit of the S3/6 BR18 express locomotive. This 1:87 scale kit consists of 154 finely crafted parts and faithfully reproduces the historical original with a length of 284 mm, a width of 38 mm and a height of 64 mm. The age recommendation is 13+ years, making this model the ideal project for experienced model builders. Special features such as the detailed boiler, smoke box, drive wheels and push rods as well as the tender and its chassis promise a realistic and challenging building experience.

Scope of delivery:

1x Detailed boiler and smokebox

1x Drive wheels and push rods

1x Tender and detailed tender chassis

1x Decals for two versions: Deutsche Bahn and Deutsche Reichsbahn

Special features:

1x Highly detailed parts for a realistic design

1x Special features that emphasize the authenticity of the model

1x Two different design options with decals

This complex kit in the Level 5 category is aimed at experienced model builders with sound knowledge and skills. Recommended for ages 13 and up, this kit provides the perfect opportunity to expand your model building skills and get into the details and techniques of in-depth model building projects.

Background information:

The S 3/6 series was manufactured for the Royal Bavarian State Railway and the German Reichsbahn from 1906 to 1931. It was characterized by its smooth running and an output of 1050 HP. This kit brings a piece of railroad history into your home and allows you to create an impressive model of one of the most legendary locomotives.
