Description

This is the Savox SC-1256TG Standard Size Coreless Digital High Torque Titanium Gear Servo. The Savox SC-1256TG combines leading edge technology with super high 12 bit (4096) resolution and Titanium Gears. The SC-1256TG is ideal for steering applications in 1/8 scale buggies, monster trucks and rock crawlers.

FEATURES

Light weight

Coreless Motor provides high speed, incredible efficiency, and low power consumption.

Steady strong titanium gears.

The Aluminum Case design not only looks good but also allows for lower operating temperatures.

Totally Green – from materials to production, these servos are environmentally friendly.

Ideal for steering applications in 1/8 scale buggies, monster trucks and rock crawlers.
