### Description

Now ready to support the connectivity advantages of Smart Technology out of the box, the Spektrum™ DX5 Pro 2021 DSMR® also includes design and ergonomic improvements to give racers, bashers and boosters top-of-the-line features at an affordable price.

#### New Features

Smart Technology compatible out of the box

Five fully proportional channels

Multiple mixer setups including Motor on Axis (MOA)

Upgraded RF Module for stronger signal and improved output power

15.5-millisecond frame rate with compatible receiver

#### In The Box

(1) Spektrum™ DX5 Pro 2021 5-Channel DSMR® Transmitter

(1) Spektrum SR2100 DSMR® Full-Range 3-Channel Receiver

Batteries to Complete: (4) AA Transmitter Batteries

#### Introduction

If you're a racer, basher or booster who's looking for an affordable radio with a "custom" feel and next-generation capabilities, look no further than the Spektrum™ lineup's new top-of-the-line surface transmitter, the 5-channel DX5 Pro 2021.

#### Features

Smart Technology compatible out of the box

Five fully proportional channels

Generous ergonomic options for tailoring the transmitter to your fit

Multiple mixer setups including Motor on Axis (MOA)

Upgraded RF Module for stronger signal and improved output power

DSMR® 2.4GHz technology, backwards compatible with DSM2®

15.5-millisecond frame rate with compatible receiver

Advanced programming features, made easy to use with SmartScroll™ interface

#### Size & Internals

Programmable vibrate alerts

RF-Motor warning

LiPo battery compatible (battery not included)

Spektrum™ SR2100 5.5mS DSMR® receiver, updated with Smart compatibility

#### Overview

Available as transmitter only or matched with an SR2100 DSMR® receiver, the DX5 Pro 2021 delivers the performance and comfort of a pro-class radio at a price that won't break your hobby budget. Its improved ergonomics, connectivity and programmability are ready to take your control to the next level.
