Description

Sullivan is the world's leader in the number of the shapes, sizes and styles of its fuel tanks. From the smallest 1 ounce (30 ml) tank to the extra large 32 ounce (900 ml) tank, there is a Sullivan tank to fit almost any model. All tank kits include the hardware needed for glow fuel operation, including twist-on clamps and both brass and nylon tubing. Sullivan molds fuel tanks from two materials:

Standard Tanks are molded from a rigid high density polyethylene blend. With the S484 or S489 Gasoline Conversion Kit, they may be used with gasoline or diesel fuel.

Tank Dimensions:

Length-105mm

Width-40mm

Height-50mm
