Description

This model kit is a re-issue of the Nissan Fairlady 280Z with T-Bar Roof, which was originally released as a motorized kit. In August 1978, the second Fairlady Z generation (S130) was announced: one was the 2,000cc 280Z and the other was the 2,800cc 280Z. After that, the Nissan Fairlady 280Z with T-Bar Roof - reinforced roof options could be removed to leave a T-shaped frame - was added in 1980.

1/24 scale plastic model assembly kit. Length: 188mm, width: 76mm, height: 59mm.

The white body (originally black) captures the long nose/short deck.

Transparent parts to recreate the T-Bar Roof panels, and the hood are detachable (hood requires cutting).

Features realistic renderings of the interior and engine.

Metal-plated parts authentically depict wheels, headlights and front/rear bumpers.

Decals for gauges, instrument panel, and black frames of rear quarter window and roof included.

Masking stickers included.
